TO OVERCOME CITED PATENT PUBLICATION (37 C.F.R. § 1.131)

Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22131-1450

Dear Sir:

1. This declaration is to establish conception and reduction to practice of the invention in this application in the United States at a date prior to July 29, 2004, which is the filing date of the cited U.S. patent publication to Catreux et al. (US 2005/0053170A1), which was cited by the Examiner and July 29, 2003 which is the first effective priority date represented by U.S. Provisional Application Number 60/491,128.

2. The individuals making this declaration are inventors Michael O. Polley, Donald P. Shaver, Srinath Hosur, Eko N. Onggosanusi, Muhammad Z. Ikram, and Anand G. Dabak.

3. To establish the date of conception of the invention of this application and reducing the invention to practice, a true copy of disclosure form submitted to the Patent Department, Texas Instruments Incorporated and assigned docket nos. TI-

36036 is submitted as evidence. The disclosure was received by the Texas Instruments Patent Activity on March 26, 2003. The conception date listed on the forms is January 20 2003. A prototype embodiment date is listed as March 1, 2003.

4. This declaration is submitted prior to final rejection.

5. As a person signing below:

I hereby declare that all statements made herein on my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Michael O. Polley
